

## **CANCELLATION NOTICE**

### **LF 88, Report of Committee Membership (Report Memberships on Committees of Technical and Professional Societies, NASA, and Other Government Agencies) (Rev. Sept. 1986)**

**Cancelled effective 1-31-08**

LF 88, Report of Committee Membership (Report Memberships on Committees of Technical and Professional Societies, NASA, and Other Government Agencies) (Rev. Sept. 1986) supported and was used in conjunction with LAPD 1150.1. It was the policy of the Center to maintain a central listing of employees serving on committees of professional and technical societies, NASA, and other Government agencies. LF 88 was the tool used for reporting appointments - new or changes - made to committees. Because LAPD 1150.1 was cancelled in July 1999, and there have been no stockroom requests for this form since July 2001, it has been determined by the Forms Manager that this form is obsolete. It is officially cancelled.
